

Department of Recruitment & Professional Development (DRDP)

The mission of the **Department of Recruitment & Professional Development (DRDP)** is to support students to identify and achieve their academic and professional goals. Understanding that career development is dynamic, experiential and directly related to a person's values, interests, skills and personality.

DRDP supports the following programs of excellence to facilitate career leadership and professional development:

Graduate Recruitment Program

The **Graduate Recruitment Program** is focused on Graduating students who are enrolled in the Graduate Diploma, Bachelor and Masters in Accounting and Computer Science in their final semester.

The objective is to prepare the students for the interviews and for the Australian Workplace. When they are ready, the GRP advisors organize campus interviews with a view of connecting Graduates with the appropriate prospective employer.

To ensure Graduating students are well prepared for an interview and to achieve a higher rate of success in attaining a job offer, students are required to attend free soft classes training and to go through a mock interview that will help them to know relate experiences and to find their strength and weaknesses.
